

How prices of internet services evolve over time?

Hotel reservations

We analyse in this third chapter the evolution of the Internet tariffs of the **3 hotels** selected:

Hotel #1: Very constant price until 2,5 months before; significant increase until 2 months before; gradual and significant decrease in the last 2 months. Difference max/min **54%**

Hotel #2: Constant price until 2.5 months before; up and down in prices until 2 months before; later, a significant increase until 1 month before; significant price decrease in the last 1 month. Difference max/min **35%**

Hotel #3: Very constant price during the last 3 months before check in. Difference max/min **8%**
