

Covid-19 parameters

Positive rate

We continue with this second post with the positive rate (in %) parameter per month and country. Some countries show a higher percentage in Q4.2021, e.g. Germany 27%, Spain 20%. Some other countries show high percentage in every Q4, e.g. France, Italy or US. Brazil is an exception.

fig. 14.2 - Positive rate per country

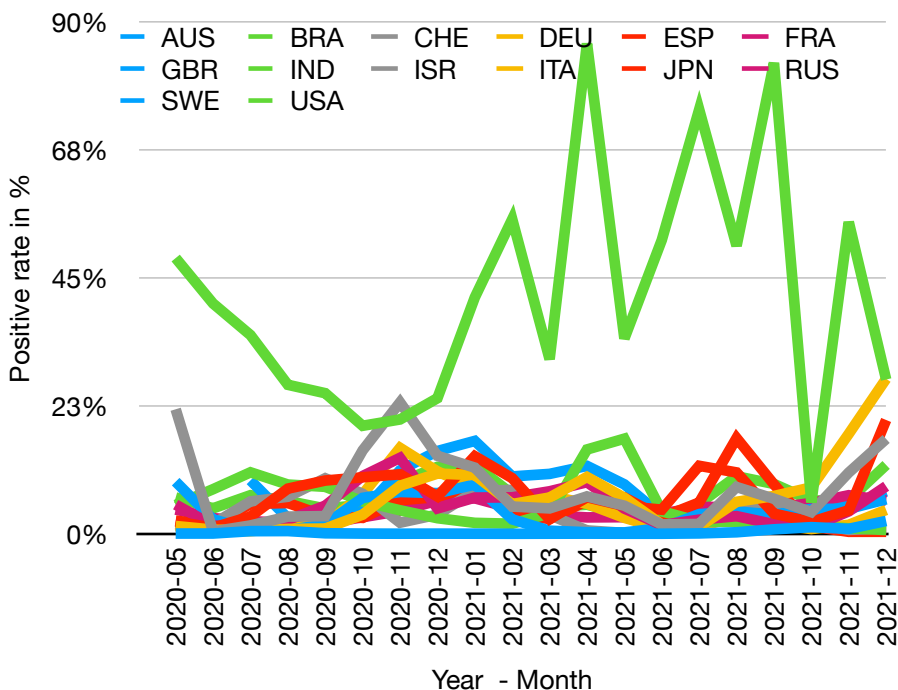

fig. 14.3 - Positive rate per country (excluding Brazil)
