

Covid-19 parameters

Deaths

We assess in this fourth post with the number of deaths per million inhabitants in a representative group of countries per month.

Overall, Brazil (ca. 2950 deaths/mio) and the US (ca. 2708 deaths/mio) are the countries with highest rate of deaths since the beginning of the pandemic. Besides, Australia (ca. 161 deaths/mio), Japan (ca. 152 deaths/mio) and India (ca. 354 deaths/mio) are the countries with the lowest rate.

However, since October 2021, Russia (ca. 848 deaths/mio) and US (ca. 606 deaths/mio) are the countries with highest deaths rate. On the same period, India (ca. 38 deaths/mio) and Japan (ca. 12 deaths/mio) are the countries with lowest rate.
